Pushkar Kumar

Full Stack Web Developer

PROFESSIONAL SUMMARY

Results-driven Full Stack Web Developer with strong proficiency in the MERN stack, including Node.js, Express.js, React.js, and MongoDB. Adept at creating and optimizing database models and developing RESTful APIs. Skilled in collaborative development and quick adaptation to new technologies such as Generative AI.

PROJECTS

1. ASOS Project ⏐ ⊕ ⏐ ⬤

JavaScript | Git | Responsive Web Design | HTML5 | CSS3

- Developed a comprehensive e-commerce website clone with functional product catalogue, shopping cart, and wishlist features using JavaScript, HTML5, and CSS3.
- Implemented responsive design principles to ensure optimal user experience across various devices.
- Created and managed version control workflows using Git to track project progress and facilitate collaboration.
- Ensured seamless page navigation and enhanced user interaction with features like login alerts and page redirections.
- Optimized the frontend design to support dynamic product listings and user actions such as adding items to the cart or wishlist.
